MEMORANDUM FOR : Project Security Officer
THROUGH : Mr. Bissell (For Concurrence)
SUBJECT : Designation of Army Member of "R" Board
Lt. Col. L. W. MacMillan, Jr. (O-25100)

25X1A

1. During my recent briefing of Lt. Gen. Arthur Trudeau on [REDACTED] I told him that although Mr. Bissell and Gen. Gavin at a previous meeting had agreed to clear one or two Army technicians into our project, we had never carried this through. I suggested that Gen. Trudeau might like to have one qualified electronics representative cleared to follow our [REDACTED] work.

25X1A

2. Gen. Trudeau had shown extreme interest in [REDACTED] application and indicated a desire to study its effects upon U.S. Army areas of interest. He said he would pick a suitable man and furnish us his name for consideration.

25X1A

3. The attached correspondence gives us a recommended representative who is already "R" cleared.

25X1A

4. I recommend we accept this nominee and in addition give him a GUSTO clearance, for it will be most difficult to have him sit on the "R" board discussions without a GUSTO clearance since our discussions always cross from [REDACTED] to GUSTO problems.

5. Your concurrence should be followed up by GUSTO security briefing of Lt. Col. MacMillan.
